FOR IMMEDIATE RELEASE

**THE HYDE® PAINTER'S ASSISTANT™
It's almost like having an extra pair of hands**

-Now available at The Home Depot-

SOUTHBRIDGE, MA – The HYDE® Painter's Assistant™, a helpful accessory for any paint job, is now available in the paint aisle of The Home Depot. This multi-use tool has so many uses that professionals and do-it-yourselfers should have one handy every time they paint, organize or just need a free hand while working.

Too much to carry while painting? Use the Painter's Assistant™ as a carrying handle for 1- and 2-quart containers, turning even simple plastic buckets into a handy carrier while painting trim or windows with a brush.

The HYDE® Painter's Assistant™ also clips to your roller tray, giving you a fool-proof, magnetic brush holder right where you need it. But that's not all: This tool works as a paint can opener, brush and roller cleaner, belt hook, garage tool hanger and even has a built-in putty knife/scrapper.

Using a ladder? Use the Painter's Assistant™ as a hook to suspend your paint can or joint compound from your ladder. For more information about the HYDE® Painter's Assistant™ (item #45945), visit hydetools.com or contact Hyde Tools customer relations at 1-800-872-4933. Click [here](#) to see the video.
