FOR IMMEDIATE RELEASE

**HYDE TOOLS ROLLS OUT
PIVOTPRO™ GARDEN WATER WAND**

SOUTHBRIDGE, MA – Hyde Tools announces the release of the **HYDE® PivotPro™ Garden Water Wand**, the latest addition to its growing line of engineered water tools. Hyde's distinctive pivoting nozzle and adjustable weed/feed mixing dispenser make this new water wand a versatile tool for weeding, feeding, cleaning and watering in and around the garden.

The PivotPro™ Garden Water Wand attaches directly to your garden hose to provide a fast, easy solution to all kinds of lawn and garden jobs, from fertilizing planting beds, spraying weeds and misting hanging pots to cleaning muddy boots and equipment when you're done. Wand features include:

- A 3-setting spray nozzle (jet, fan and shower)
- A patented pivoting nozzle (just slide the handle to change the spray angle)
- A 16-ounce mixing dispenser with automated mix control for applying fertilizer, weed inhibitors or cleaning solutions
- 46 inches of extra reach

This new generation of water wands was based on Hyde's pivoting nozzle technology, used previously on HYDE® spray painting equipment and pressure washer wands. The PivotPro™ water wands were created to provide customized solutions for common outdoor jobs. The PivotPro™ Boat & Auto, for example, has interchangeable brushes for cleaning vehicles, while the PivotPro™ Outdoor Cleaning has attachments for scrubbing decks, house siding, walkways, outdoor furniture and more.

Like all PivotPro™ wands, the PivotPro™ Garden offers 46 inches or extra reach and a pivoting nozzle that lets you to step back, relax and use the tool instead of your body to reach in, over, under and around obstacles such as plantings. Its mix dispenser can be removed for thorough washing, so the same PivotPro™ can be used with any additive for weeding, feeding, watering and cleaning. Feeding the lawn? Just fill the dispenser with concentrate, select a feed-to-water ratio and the tool takes care of the rest.

The PivotPro™ Garden Water Wand, which was featured at the 2016 National Hardware Show, is now available and in stock for distribution in the lawn and garden section of home, hardware, farm and garden centers.

For more information on the HYDE® PivotPro (item #28476), visit hydetools.com or contact Hyde Tools customer relations at (800) 872-4933. Click [here](#) to see the video.
