**HYDE® QUICKLY CLEAN™ GLOVE
The Green Way to Clean Most Anything**

-Now Available at The Home Depot-

SOUTHBRIDGE, MA – No, it’s not magic. What makes the HYDE® Quickly Clean™ Glove clean so quickly is a patented weave and a useful little “hook” at the end of every fiber. Put this glove on your hand and you have a simple, green solution for cleaning paint, drywall compound, caulk, mildew, soap scum, oil and grease off pretty much anything.

Now available in the paint aisle at The Home Depot, the Quickly Clean™ Glove eliminates the need to use and dispose of harsh chemicals at home or at worksites. Even with oil-based paints, only plain or mild soapy water is required for effective cleaning.

Despite its cleaning power, the Quickly Clean™ Glove will not scratch surfaces. It gently but effectively cleans brushes, tools, vehicles, boats, appliances, and even hands. At \$3.97, it may well be worth keeping gloves throughout the house – or, at the least, in the kitchen, bathroom, laundry room, truck and garage.
